

# Case Study Team Exercise Instructions

Step 4 – Evaluation of Alternative  
Plans

Step 5 – Comparison of Alternative  
Plans

Step 6 – Selection of the

# Information Provided

- Excerpts of feasibility report describing existing and future problems and opportunities (Tab 1); planning objectives and planning constraints (Tab 1); management measures (Tab 2); and the final array of plans and their economic, environmental, and social effects (Tab 3).

# Tasks

Prepare an oral presentation for the class, to include the use of appropriate visual aids. The presentation should include the following:

- Briefly describe the features and effects of each plan.
- Compare, contrast, and identify the significant differences among the plans.
- Identify and explain the rationale for selection of the recommended plan. Justify any deviation from the NED/NER/Combination plan.
